R.E. : Modification of VPDES Permit No. VA0092711
Midtown/Downtown Tunnel/MLK Extension Project
Cities of Norfolk and Portsmouth, VA

Dear Sir or Madam:

Enclosed is a copy of a VPDES permit application **adding additional outfalls to accommodate dewatering activities associated with the MLK Extension portion of the project** for your review. A copy has also been sent to the VDH Office of Drinking Water and the Virginia Marine Resources Commission. Please review this application and provide your comments within 14 calendar days to DEQ identifying the location of any shellfish growing areas that would have to be condemned pursuant to Va. Code § 28.2-807 (i.e., reclassified as restricted or prohibited as defined by the National Shellfish Sanitation Program) as a result of the proposed discharge of pollutants described in the application. Alternatively, you may respond to DEQ within 14 calendar days of receipt of the application that DSS intends to conduct a further evaluation of the proposed discharge site. If DSS intends to conduct a further evaluation, please provide your comments to DEQ within 30 calendar days after receipt of the application. In the event that DSS anticipates that, due to the complexity of a proposal or the scope of an evaluation, it will not be able to make a determination within 30 calendar days after receipt of the application, please, within 14 days of receipt, inform DEQ of the anticipated time required to further evaluate the application. These deadlines are specified in the agreement between the Director of DEQ and the Commissioner of the Virginia Department of Health to ensure that DEQ can process the permit in a timely manner.

Modification of VPDES Permit No. VA0092711
Midtown/Downtown Tunnel/MLK Extension Project
Cities of Norfolk and Portsmouth, VA
